

GrainCorp
100 YEARS OF GROWTH

HARVEST UPDATE

Grain receivals (tonnes) at GrainCorp sites as at 6 November 2017

	Since last update	Total*
Queensland	-	508,000
New South Wales	-	199,000
Victoria	-	10,000
Total Network	-	717,000

Harvest comments:

- Winter harvest in Queensland is nearing completion
- Northern New South Wales is well underway. Heavy rain events over past weeks have been challenging
- Recent rain may present summer crop opportunities across Queensland and northern New South Wales
- Harvest in southern New South Wales has started but has been delayed due to recent rains
- Initial deliveries in north west Victoria have been received into the system
- Grower meetings have been well attended throughout the network
- New release of CropConnect now available (enhanced features include price discovery, offer and sell grain, view deliveries and receive push notifications)

***Please note:** total represents new crop tonnes received at GrainCorp sites including some deliveries received prior to 30 September 2017
